### Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

### **Situation Overview**

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

### **Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 12/28/20 at 1100 hours:**

- 81,364,788 (+428,083) total confirmed cases in 218 countries..

# **WEATHER OF CONCERN**

## **NORTHERN CALIFORNIA**

- Patchy dense Valley fog will be seen this morning and Wednesday morning, mainly in the southern Sacramento and northern San Joaquin valleys.
- Light rain and snow showers continue mainly south of I-80.

## **SOUTHERN CALIFORNIA**

- Periods of moderate to heavy rain showers expected through this evening. Moderate rain showers could linger into late tonight.
  - There is a slight chance of thunderstorms from the mountains to the coast through this evening.
- Significant travel disruptions possible in the mountains due to gusty winds and snow leading to significantly reduced visibility. Risk of debris flows near the recent burn scars. Minor urban flooding possible elsewhere.
- Snow levels of 4000-4500 feet for San Bernardino and Riverside Counties and to 4500-5000 feet for San Diego County.

# **WEATHER KEY POINTS**

**12/29/20 - 01/04/21**

## **Tuesday - Friday**

- Dry weather statewide Tuesday and during the daytime Wednesday
- Periods of gusty north winds and low relative humidity will lead to elevated fire weather concerns across portions of Southern California Tuesday night through Friday
- The next storm system is expected to bring additional precipitation to northern California late Wednesday through Thursday, producing a brief round of rain and mountain snowfall

## **Friday Night - Monday**

- A series of storm systems will likely continue across primarily northern California through the upcoming weekend and into the beginning of next week
  - Some of these storms could be stronger, with gusty winds and locally heavy rainfall possible
